Subject: OPW Releases a Q&A to Address Key Pacific Pride Network Changes

OPWES-2014-0618

Dear Valued Customers and Distributors,

As part of a continued effort to ensure that every OPW customer and distributor is properly informed regarding the impending changes to the Pacific Pride Network's technology and infrastructure, OPW is proud to release the following Q&A document. This detailed Q&A document discusses the most important aspects of the network's transition, and how it will impact customer fueling sites.

The Q&A, which can be [downloaded here](#), covers the following topics:

- Special discounts and promotions
- Detailed descriptions of network changes
- Key network transition dates
- Necessary equipment changes
- Relevant product pricing
- Ordering information

Should you have any other questions regarding how the Pacific Pride Network transition will affect your site, in either the short or long term, please contact your OPW representative today.

As part of OPW's continued effort to help educate our customers, a comprehensive guide to future Pacific Pride compatibility and compliance will be sent out in the coming weeks.

Thank you for your time and continued business.

Best Regards,

Phil Carlin
President
